

This is the Day

©Scott England Music Publishing 2013

The stars and sky shine so bright starting the day
It's a radiant celebration of all life and your life
All creation is awaiting our becoming who he's making us so rise up

Chorus

This is the day the Lord has made I will take joy and give it all to him
This is the day, we walk by faith
Redeemed and brave
Today is the day The Lord's made

You set us free from our yesterdays
And our hearts are so surrendered to this life, your life
All creation is awaiting our becoming who he's making us so rise up

CHORUS

With sounds of victory, this day has already been set aside for greatness since the dawn of ages
He is our risen King, we are his offering
We fix our eyes on Jesus, We fix our eyes on Jesus, We fix our eyes on Jesus,
We fix our eyes on Him.

CHORUS
